

Automated Teller Machine ProCash 2050xe

**WINCOR
NIXDORF**
EXPERIENCE MEETS VISION.

The arrangement of control panel elements on the ProCash 2050xe guarantees discretion when cash is withdrawn at busy locations such as pedestrian zones and shopping malls. This effect is increased by the privacy display filter that is available as an option. It attracts increased attention through its customizable logo area on the outer frame, which is visible from a considerable distance as a result of background lighting.

- Cash dispenser for outdoor use
