

# Automated Teller Machine ProCash 2150xe

**WINCOR  
NIXDORF**  
EXPERIENCE MEETS VISION.

The ProCash 2150xe offers a wide range of services and ensures discretion for customers during use. Standard frames simplify installation in various conditions. The system can be installed through walls of up to 360mm in thickness. Old systems can be replaced without requiring any modifications to the building. The main control panel elements are made of stainless steel, which provides protection against damage through vandalism.
