

Buried Line Locator

The BLL-100 is a cost-effective, high-quality buried line locator. Its this no-compromises system brings you high-brightness LEDs that are easy to read, even in bright sunlight. And both the BLL-100 receiver and transmitter are easier to use, with no manual gain adjustments or steep learning curve.

- *Lightweight and ergonomically balanced.*
- *Automatic signal boost makes it easy to trace lines.*
- *Receiver may be used in active or passive mode.*
- *Receiver locates multiple passive frequencies with single switch setting.*
- *Receiver automatically locks out passive range when it detects a transmitter signal.*
- *Traces 6m underground and provides depth readings up to 4.5m.*
- *Transmitter can be connected to live lines up to 600 volts.*
- *Microprocessor-based circuitry delivers increased accuracy.*
- *Low battery indicator.*
- *Weather-resistant housings on both units.*
- *LED and LCD signal strength indicators.*

Buried Line Locator	BLL-100/07587

Pulser

The PE2003 Pulser lets you identify the exact location of even the smallest breaks in insulation. Built to withstand years of demanding service, the Pulser is a great complement to any buried cable locator.

- *Portable transmitter "pulses" a high voltage signal.*
- *Visual analog meter in frame mounted receiver.*
- *Multiple faults on a single wire can be identified indicating the need to replace instead of repair.*
- *Extra long test leads feature heavy-duty alligator clips for use on multiple cable types.*
- *Includes a rechargeable transmitter, receiver, A-frame, ground stake, 120 volt AC charger, 12 volt DC (cigarette lighter) adaptor.*

Description	Cat./UPC No.
Pulser	M0858/00

528 Wire And Valve Locator

Designed as a "little brother" to the 521, the 528 Wire and Valve Locator offers many of the same functions. Connected to a buried wire, the unit supplies audible indications to identify the path and approximate depth of the wire.

- *"One step" transmitter automatically adjusts signal output to the most effective level.*
- *Both the transmitter and receiver include automatic shut-off.*
- *Includes transmitter, receiver, ground stake, instruction manual.*
- *Battery-operated (8- D and 1- 9V included).*
