THE STEALTH SERIES KIOSK

A Wolf In Sheep's Clothing

The Stealth Series is an elegant and fully functional multimedia kiosk. Sleek in appearance, this kiosk fits into almost any environment and is available in a variety of finishes and colors to enhance any decor.

With a small footprint and tapered figure, the Stealth is designed for style and engineered for high performance. This model offers a rugged keyboard and trackball option and is available in an outdoor model to withstand environmental concerns.

The Stealth Series kiosk can be visually configured in a variety of ways to maximize the value of your marketing and corporate image. Like all of our standard models, the Stealth comes available in a variety of finishes and colors and can be covered with your corporation's logos and advertising materials for the greatest consumer impact.

The Stealth Series is designed to accept a wide variety of optional components from biometrics to printers, monitors to card readers. Reliable and tested components.

See reverse for a detailed list of Stealth Series models, specifications and dimensions.
