

## Modular Plugs

Greenlee offers an array of high quality modular plugs to meet the needs of the data communications installer. We offer connectors for the simplest task such as connecting a telephone handset cord to the most demanding requirements of Category 5 wiring. For precise crimps use Greenlee tools such as the Kwik Cycle™ 8, Kwik Cycle™ 9, and the Premier Modular Crimper.

- Manufactured to comply with FCC 68 guidelines.
- Contacts are gold plated for long life and improved performance.
- A variety of plugs for both flat stranded cable (silver satin) and round, solid conductor cables.
- Buy only what you need with a variety of package sizes.
- A variety of high quality, economical crimping tools available.
